

Cavalier - Performer

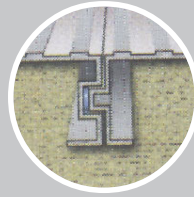

If you're looking for the absolute best in a slant load, one of these three models is sure to fit your needs. The Cavalier is the most basic model, similar to a stock trailer in amenities, but with the convenience of Jamco slant dividers. It comes standard with a dressing room and a collapsible rear tack. The Performer I is the most popular in the harness racing industry, while the Performer II is better suited for show and pleasure riders. The Performer I has clips and harness hooks for race bike storage in the nose, where the Performer II comes standard with a dressing room. However, don't let these descriptions limit your thinking... the specifications are just a starting point, as most sizes are customizable, along with the specific selection and placement of the many available options. All three models carry a seven year frame warranty and twenty year pro-rated warranty on plank walls.

MODEL	HORSES	LOAD TYPE	HITCH	DRESS/LQ	DRESS/LQ LENGTH	WIDTH	HEIGHT	BED LENGTH	OVERALL LENGTH
Cavalier	2 - 8	Stock Slant	Gooseneck	Dress Standard	1'	7'	7'	12' - 32'	20' - 40'
Performer I	2 - 7	Slant	Gooseneck	No Dress	N/A	7'	7'	11' - 28'	19' - 36'
Performer II	2 - 7	Slant	Gooseneck	Dress Standard	2'	7'	7'	13' - 30'	21' - 38'

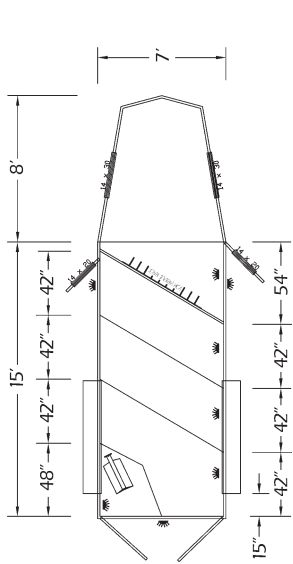

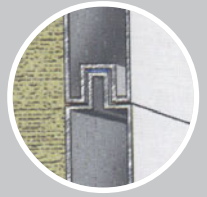

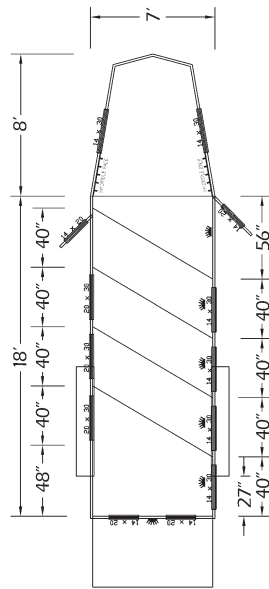

Available on many Jamcos is our unique QuickChange™ post system, which allows for day-to-day changes in the divider configuration, and movement of rear-tack saddle racks. A simple spring-sleeve design is grasped and pulled down, which allows the post to be moved to another pre-drilled location.

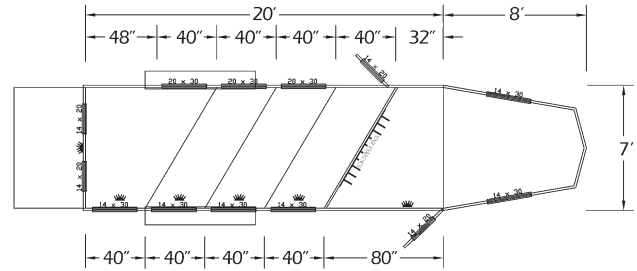

Superior engineering versus rivets and bolts: our walls and floors are constructed with interlocking aluminum planks that are unitized with continuous welds for virtually one-piece strength.*

CAVALIER
Three horse gooseneck
with dressing room

PERFORMER I
Four horse gooseneck

PERFORMER II
Four horse gooseneck
with dressing room
