

# Competitor

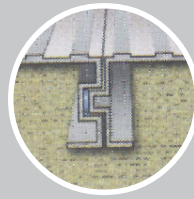

The absolute ultimate in straight-load trailers, the all-aluminum Competitor is fully custom, with an amazing number of options and choices for both riding and driving horses. With Jamco's QuickChange™ post and divider system, these trailers may be changed from day to day to a multitude of configurations, depending on the size you choose. For example, the six horse Competitor III with optional box stall dividers may be configured with up to three horses in the front, and a vehicle (an ATV, golf cart, etc.) in the back which can then become a cross tie area or box stall upon arrival. Or you may configure it with four large stalls, three box stalls, or whatever you desire. The Competitor allows for a choice of width, height and length, along with the specific selection and placement of the many available options, and carries a seven year frame warranty and twenty year pro-rated warranty on plank walls.

MODEL	HORSES	LOAD TYPE	HITCH	DRESS/LO	DRESS/LO LENGTH	WIDTH	HEIGHT	BED LENGTH	OVERALL LENGTH
Competitor	2	Straight	Gooseneck	Dress Optional	4'	6'	7'6"	10' or 15'	18' or 23'
Competitor I	2	Straight	Gooseneck	Dress Optional	4'	7'	7'6"	10', 15', 17', 21'	18', 23', 25', 29'
Competitor II	4	Head to Head	Gooseneck	Dress Optional	4'	7'	7'6"	24' or 28'	32' or 36'
Competitor III	6	Head to Head	Gooseneck	Dress Optional	4'	8'	7'6"	24' or 28'	32' or 36'
Competitor IV	6	Head to Head	Gooseneck	Dress Optional	4'	8'	7'6"	28' or 32'	36' or 40'

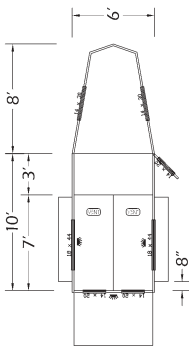

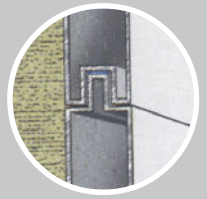

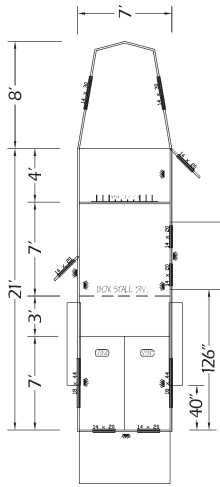

Available on many Jamcos is our unique QuickChange™ post system, which allows for day-to-day changes in the divider configuration, and movement of rear-tack saddle racks. A simple spring-sleeve design is grasped and pulled down, which allows the post to be moved to another pre-drilled location.

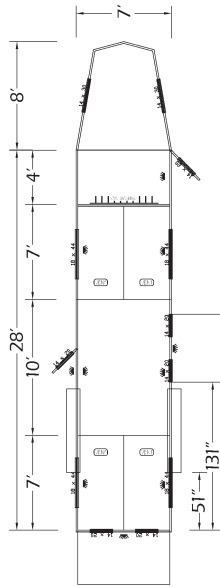

Superior engineering versus rivets and bolts: our walls and floors are constructed with interlocking aluminum planks that are united with continuous welds for virtually one-piece strength.\*
